

Really skilled workers are not easy to find

Real skills are not taught in schools and universities, they are gained through experience. Our company spend resources on our Apprentices to instill the standards we require. The production line was trained by our senior staff because we want them to be homegrown.

Our practice positively impacted the quality of our products. We can proudly say its "Pinoy Made" and we are able to compete internationally.

Maclin Electronics, Inc.
Apprenticeship Program Advocate

WHAT IS APPRENTICESHIP PROGRAM

Apprenticeship Program is an enterprise-based training within employment involving a contract between an **APPRENTICE** and an **ENTERPRISE** on an approved apprenticeable occupation.

At present, the program has a duration of more than 3 months to a maximum of 6 months.

WHAT'S IN IT FOR YOU?

APPRENTICESHIP PROGRAM:

Allows you to shape and develop a skilled workforce according to your specific needs. This ensures a pool of competent and qualified workers.

Provides you an opportunity to identify and nurture promising individuals from the local community. This can help reduce recruitment costs and streamline the hiring process.

Apprentices can bring fresh perspectives and innovative ideas to the company, which can lead to process improvements and increased productivity.

Foster a sense of loyalty and commitment among apprentices. This leads to higher employee satisfaction, increased retention rates and reducing turnover costs.

Enhance the company's reputation and make it an attractive employer for talented individuals seeking opportunities for growth and development.

Tax perks include deducting half of the total costs of training from the company's taxable income.

BUSINESS BOOSTER

APPRENTICESHIP PROGRAM CAN HELP IMPROVE
YOUR BUSINESS REPUTATION IN MANY WAYS

- Demonstrates that the business is committed to training and developing its employees.
- Helps build relationships with local communities leading to positive publicity and goodwill.
- Attracts and retains top talents.
- Serve as an opportunity to be one of the KABALIKAT Awardees of TESDA.
