
We Want You To Take the Lead

If you are passionate about technical vocational education and training (TVET), love tinkering with new ideas and technology, and have a strong industry presence, we want you on board.

Join the rapidly growing number of industry associations supporting our vision.

Be a part of your sector's Industry TVET Board and play a vital role in leading and shaping the country's middle level workforce.

Empower TVET Make a Difference

The Industry TVET Board is an independent, industry-led body committed to bridging the gap between industry demands and TVET skills standards.

Our goal is to ensure that education and training systems respond to labor market needs effectively.

- **The National Industry TVET Boards** focus on developing skills that meet the national labor market's needs.
- **The Local Industry TVET Boards** address domestic sector workforce needs.

The Industry TVET Boards play a significant role in supporting the government's 8-point Near and Medium-Term Socio-Economic Agenda.

Our Priority Sectors

We are committed to driving change in key sectors, including:

- Agriculture
- Construction
- Health
- Education
- Tourism
- Manufacturing
- Transportation and Logistics
- IT-BPM
- Creative Industries, and
- Energy.

Joining Hands For the Future

For TESDA to deliver exceptional services, the Industry TVET Board will provide essential support such as:

- 01** Offering labor market insights for informed policymaking
- 02** Contributing to the development of area-based skill maps
- 03** Supplying technical experts for special training programs
- 04** Providing inputs for learning content improvement
- 05** Leading industry consultations for greater collaboration
- 06** Forecasting skills needs and recommending improvements to standards and curriculum
- 07** Participating in research and development to enhance TVET

Seize the Opportunity Join Us Today

- Submit a letter of intent to be established and recognized as an Industry TVET Board, or an acceptance letter if, invited.
- Member industries/associations must present documents recognizing their legal personality, such as SEC, DTI, DOLE, and CDA registrations.
- Provide a Secretary's Certificate or Board Resolution designating a representative to act on behalf of the industry board.
- Provide a comprehensive list of your member industry associations and companies.
